CELEB GOSSIP! BY the Landlords Duaghter

Guess Who staggered in with an irregular gait today?

Dressed like Sun Ra and a mouth drier than a desert rat, the
big man at the top came to inspect our wares! (Bigman who?
Ed.) Of course for those who haven't climbed the fabulous
columns to the top, you probably have never seen him. Ask
a street child!

Him and his 20 slaves and 10 dignitaries smashed in our
back doors here at the Green Man. We hadn't seen such a
party for a while, he demanded a full offering for everyone,
(Lucky we just ordered in more WHM [white hot meat])
and so we could provide and the equilibrium of the sun and
the moon was maintained.

Aside from the big P (our regular Pharoah BTW) making it
down we have also had a visit from a bird without eyes (for
real, it got stuck in the pantry [I said PANTRY] LOL),
couldn't find its way out so we had to give it a helping 'firm

REALLY

'firm but fair' hand, out the door.

The quack made a rare visit this week, he believes that there is two types of water, one that contains the materials or heaven and one of hell. He said he could prove it by testing the waters on people who otherwise make an honest life in the fields. Sure as sure he was going to be true to his word, although after a few

of our tasty "waters" he the doctor seemed more than fine! (But we had to give him the firm hand after that too, as you shouldn't really 'be at one with the wine, or the wine will have one of you!) although he did offer some advice that to remember to dis lodge any articles that come to rest in your throat as they stop the energies of the sun reaching your heart.

Our best customers Gill and Geoff celebrated thier 13th wedding aniversary with this crazy get up! LOL
BIG WELL DONE FROM ALL OF US AT GMARF

Gordon "Lobsterface" Ramsay couldn't make it down to GMARF this week, he sends his apologies as he is working on his new series - BOTOX - HELLS

SWOLLEN FACE KITCHEN. Us lot down at the Greenman have taken bets on what that programme will be about, we can't work it out. We guess there will be lots of naughty, naughty swearwords and a couple of crying fat girls, and lobsterface banging on about Fresh, Local, Produce, and shoving perfectly good table cloths in the bin.

Can't wait for that one. Seriously.
